Measles

As measles cases continue to rise across the country, Hertfordshire County Council are urging parents, guardians and carers to make sure their children are up to date with their Measles, Mumps and Rubella (MMR) vaccinations. For more information on this follow the link below

Pottery

As part of our 'People who help us theme' we have explored a variety of occupations and the children have had lots of fun taking on their roles. We were fortunate enough for a parent to share their experience of working as a physiotherapist, the children learnt about different bones in their bodies and practised their balancing skills. We then had the opportunity to take a pottery class where the children had lots of fun designing their own bowls. We have been told they will be ready to return home in around 4 weeks. Thank you parents, for your generosity of offering donations for this event. We truly appreciate this as it supports us to give the children a greater range of experiences.
